

LIHIT 2005

HIGH PRECISION 2 SPINDLE ELECTRIC PAPER DRILL

The Lihit P-2005 AUTO PUNCH is computer-controlled to automatically punch two holes at a time, 8cm apart, in documents up to 50mm thick. It requires only 6 seconds to punch a pair of holes. The self centering table ensures that paper is always correctly aligned. The Lihit P-2005 AUTO PUNCH allows you to easily punch through thick documents or piles of handouts. The specially machined drill bits have excellent durability. (The drill bit is not allowed to be ground down) Should an overload be detected, the Lihit P-2005 AUTO PUNCH automatically stops and a red light flashes. Should this happen, press the reset switch and check the condition of the drill bits and other parts. If the housing is not properly remounted, the start switch remains inoperative.

PRODUCT FEATURES

Self Centering Table for accurate drilling

Clear Waste tray means no over filling & no mess

Safety Cover prevents accidental injuries

PRODUCT SPECIFICATIONS

Table Width: 312mm	Machine Width: 312mm
Machine Height: 318mm	Machine Depth: 425mm
Table Depth: 220mm	Machine Weight: 15.5kg
Power Output 480W	Drilling Depth: 50mm
